2 John Williamson Drive, New Haven

FREE Presentation, Dinner, and Prizes!

***College & Career Readiness in Connecticut:
What do families need to know?***

Do you know how testing has changed in our schools? Do you have the information and resources to help your children at home?

We want to empower parents with the information and tools they need to help their children and support their success.

Elm City Communities and The City of New Haven is partnering with Connecticut PTA and Yale Child Study Center, to host an informative event for New Haven parents and families. We'll provide information and discussion on the changes happening around assessments in our schools and throughout the state. Join us by participating in the discussion, free meal and prize drawings!
